--- Issue of 1913 - the Newfoundland Dog - 26 x 39 mm. - scanned at 200% scale ---

--- NT-125 - the red-brown 1/10 lb. CUT TOBACCO stamp, overprinted with FIFTY / CIGARETTES---

The same die plate used on the 5 cigarette overprint was used on the Cut Tobacco stamp **NT-182** for use at fifty cigarettes, and thus there are the same three varieties of the letter **F** in **FIFTY**. These **FIFTY / CIGARETTE** overprints, which may read either up or down on the stamp, have been catalogued as **NT-125**, and are difficult to locate. The collection contains only **NT-125** - which is perforated 10 - on which the overprint reads *up*.

Thus **NT-125a** (reading *down*, perforated 10), **NT-125b** (reading *down*, perforated 10) and **NT-125c** (reading *down*, perforated 12) are on my **WANTED** list!

--- Provisional Overprint on NT-182 - the red-brown 1/10th Pound CUT TOBACCO stamp ---

NT-125b - **FIFTY / CIGARETTES** overprinted on 1/10th pound, red-brown, perforated 10, reading vertically *up*.

The cancellation reads **CANCELLED / H. M. CUSTOMS / ST. JOHN'S, N. F.**
